In ‘*What Policy Should Be Adopted to Curtail the Negative Global Health Impacts Associated with the Consumption of Farmed Animal Products?*’ published in Res Publica, volume 16, issue 1, Spring 2010, pp. 57–72 the following sentence was published on page 58:

“Other studies have revealed that the greenhouse gas emissions associated with human diets can vary significantly depending in part on which animal products are consumed.”

The sentence should read:

“Other studies have revealed that the greenhouse gas emissions associated with human diets can vary significantly depending on whether or not, as well as which, animal products are consumed.”
