The paper “Free will, narrative, and retroactive self-constitution” by Roman Altshuler was mistakenly published in the previous issue, *Phenomenology and the Cognitive Sciences* Volume 14, Issue 4, December 2015, pp. 867–883. It was originally meant to be part of this special issue on Making Sense: Narrativity, Interpretation and Responsibility, and is accordingly mentioned in the Introduction to this special issue. The editorial staff apologize for this mistake.
