# **Understanding Cultural Traits: A Multidisciplinary Perspective on Cultural Diversity**

Edited by Fabrizio Panebianco and  
Emanuele Serrelli

Springer

The book (English translations and revisions) was financially supported by:

- CISEPS Center for Interdisciplinary Studies in Economics, Psychology, and Social Sciences, University of Milano Bicocca (INSERT LOGO)
- "Riccardo Massa" Department of Human Sciences, University of Milano Bicocca (INSERT LOGO)

## Table of Contents:

Chapter 1 .....	1
<b>Cultural Traits and Multidisciplinary Dialogue .....</b>	<b>1</b>
Fabrizio Panebianco and Emanuele Serrelli .....	1
1.1 Scientific Controversies over Cultural Traits.....	2
1.2 Attitude of this Book.....	7
1.3 Contents and Interdisciplinary Links .....	8
1.4 Acknowledgements.....	16
References.....	16
Chapter 2 .....	19
<b>Understanding Cultural Diversity. Culture, Cultural Traits and Cultural Changes between Global and Local Scales .....</b>	<b>19</b>
Vincenzo Matera .....	19
2.1 Conceptualizing Culture: From the Simple to the Complex.....	19
2.1.1 An Unfinished Animal.....	21
2.1.2 An Empirical Evidence .....	22
2.1.3 The Repetition: the Heart of Cultural Production.....	22
2.1.4 The Creature Who Makes Sense .....	24
2.1.5 Memory.....	24
2.2 Culture and Cultures.....	25
2.3 Tylor's Definition of Culture.....	27
2.4 Sliding from Culture toward Cultures.....	29
2.5 Cultural Creolizations .....	34
References.....	35
Chapter 3 .....	39
<b>Cultural Traits and Identity .....</b>	<b>39</b>
Ugo E. M. Fabietti .....	39
3.1 Global Scenarios .....	40
3.2 Assimilation of 'Traits' .....	43
3.2.1 National Identities .....	43
3.2.2 'Genethnic' Identities.....	47
3.3 <i>Xhoba</i> , the 'Magic' Plant of the San .....	49
3.4 Conclusions.....	51
References.....	52
Chapter 4 .....	54
<b>The Diffusion of a Museum Exhibit: the Case of the Transparent Man.....</b>	<b>54</b>
Elena Canadelli .....	54
4.1 Science Exhibits and Cultural Traits: A Methodological Quest .....	54
4.2 Human Body and Health Education: The Rise of Health Museums. ....	56
4.3 The Birth of the Transparent Man: Embodying the "New Man".....	59
4.4 The Migration of the Transparent Man: from Germany to the U.S.. ....	61
4.5 Survival and Fall of a Symbol: Attempting a Conclusion .....	67
References.....	69
Chapter 5 .....	71
<b>The 'Incompetent Subject' in the Kingdom of Technical Terms. A Possible Role of Pedagogy in the Study of Cultural Traits.....</b>	<b>71</b>
Rossana Brambilla .....	71
5.1 Education and Culture .....	71

5.2	Main Contemporary Perspectives on Education .....	73
5.2.1	From a Constructivist Perspective: Reflection .....	74
5.2.2	From Freudian Psychoanalysis: Interference .....	75
5.2.3	From Neuroscience and Evolutionary Theory: Co-emergence .....	76
5.2.4	From a Situated Cognition Perspective: Participation .....	77
5.2.5	From a Critical Cultural Perspective: Resistance .....	77
5.3	Some Unseen Cultural Traits .....	78
5.3.1	A First Trait.....	80
5.3.2	A Second Trait.....	81
5.3.3	A Third Trait.....	82
5.3.4	A Fourth Trait .....	84
5.4	A New Possible Direction For Pedagogical Studies?.....	85
	Acknowledgments .....	86
	References.....	86
Chapter 6	.....	89
	<b>The Unary Trait of Psychoanalysis. Identification, Transmission, Generation .....</b>	<b>89</b>
Matteo Bonazzi	.....	89
6.1	Identification.....	90
6.2	Transmission .....	93
6.3	Generation.....	96
	Acknowledgements.....	100
	References.....	101
Chapter 7	.....	102
	<b>Cultural Diversities Across and Within Cultures: The Bicultural Mind .....</b>	<b>102</b>
Olivia Realdon and Valentino Zurloni	.....	102
7.1	Settling the Bicultural Mind Research Domain .....	103
7.1.1	The Bicultural Mind Construct .....	103
7.1.2	The Theoretical Paradigm Shift: Culture as Situated Cognition .....	104
7.1.3	The (Bi)Culturally Situated Mind and the Embodied Mind .....	105
7.2	The Bicultural Mind within Cultural Evolution.....	106
7.2.1	The Intertwining of Cultural Transmission and Appropriation in Cultural Evolution.....	106
7.2.2	Bicultural Mind Appropriation: The Expert-Novice Dynamics.....	108
7.3	The Embrainment of Culture .....	109
7.3.1	The Dynamic Bicultural Brain .....	109
7.3.2	Culture and the Brain in Human Evolution.....	110
7.4	The Transition from One Culture to Another in Bicultural Individuals.....	112
7.5	Bicultural Mind and Situated Cultural Traits.....	113
	References.....	114
Chapter 8	.....	118
	<b>Birth and Evolution of Jazz as Effects of Cultural Transfers .....</b>	<b>118</b>
Stefano Zenni	.....	118
8.1	Cultural Transfer Leading to the Evolution of Jazz .....	118
8.2	Cultural Transfer in Recent Jazz History .....	123
	References.....	124
Chapter 9	.....	126
	<b>Geographical Boundaries as Places of Meeting and Diffusion of Cultural Traits .....</b>	<b>126</b>
Stefano Malatesta, Marcella Schmidt di Friedberg and Enrico Squarcina	.....	126
9.1	Boundaries and Places.....	126

9.2	Boundaries as Political Subjects.....	129
9.3	Boundaries as Cultural Objects.....	131
9.3.1	The Cultural Durability of Boundaries.....	132
9.3.2	Boundaries and “Private Geographies” .....	133
9.3.3	Boundaries and Memory.....	134
9.4	Symbolic Borderplaces: Places as Cultural Traits.....	134
	Acknowledgments.....	137
	References.....	137
Chapter 10	.....	140
	<b>Maps, Diagrams and Charts: Making the Cultural Trait Visible... 140</b>	
Fulvio Carmagnola	.....	140
10.1	Introduction.....	140
10.2	Origin, Cause, and Value .....	140
10.3	‘Cultural Trait’ and Style.....	143
10.4	Schemas and Diagrams.....	146
10.5	A brief Analysis of the Maps .....	147
10.6	Provisional Conclusions and Propositions.....	149
	References.....	151
Chapter 11	.....	153
	<b>Evolutionary Genetics and Cultural Traits in a ‘Body of Theory’ Perspective..... 153</b>	
Emanuele Serrelli	.....	153
11.1	What would you Like for Breakfast? Cultural Transmission and Evolutionary Genetics.....	153
11.2	The Historical Growth of a Body of Theory: Evolutionary Genetics 156	
11.2.1	Galton.....	157
11.2.2	Statistics, Biometrics, and Mendelism.....	158
11.2.3	The Mendelian Combination Space .....	160
11.2.4	Fragmentation and Unity of the Body of Theory .....	161
11.3	The Application of Evolutionary Genetics to Culture .....	163
11.3.1	Cavalli-Sforza, Feldman, and Gene-Culture Coevolutionary Theory.....	164
11.3.2	Tinkering and Justification .....	165
11.3.3	The Balance between Tinkering and Justification in Cavalli-Sforza and Feldman, 1981.....	166
11.4	Conclusion: Minding the Balance and Recalling the Body of Theory 169	
	References.....	170
Chapter 12	.....	172
	<b>Cultural Traits in Economic Theory..... 172</b>	
Fabrizio Panebianco	.....	172
12.1	What Economics is about?.....	172
12.2	Economic Theory and Cultural Traits .....	173
12.2.1	Preferences.....	174
12.2.2	Social Norms.....	176
12.2.3	Strategies.....	177
12.2.4	Behaviors .....	177
12.3	Evolutionary Game Theory and Traits Diffusion.....	177
12.4	Economics and Cultural Transmission .....	181
12.5	Cultural Traits in Social Networks .....	184
12.6	Conclusions .....	186
	References.....	187
Chapter 13	.....	190

<b>International Cooperation and Cultural Transmission.....</b>	<b>190</b>
Isa Gama .....	190
13.1 Introduction.....	190
13.2 Western Influence at Chiúta .....	192
13.3 The Cultural Evolution Framework for Understanding Cultural Transmission and Change .....	197
13.3.1 Let Us Review the Concept of Evolution.....	197
13.3.2 Cultural Evolution .....	198
13.4 Development and Cultural Evolution .....	201
13.4.1 Main Development Ideas in the Fieldwork .....	202
13.4.1.1 Development Ideas in Chiúta .....	202
13.4.1.2 NGO's Ideas of Development .....	204
13.5 International Cooperation and the Challenge of Cultural Transmission .....	205
13.5.1 Information does not Reach Target Group.....	207
13.5.2 Misinterpretations .....	207
13.5.3 Resistance .....	208
13.5.4 New Knowledge Assimilated.....	209
13.5.5 The Communication Gap .....	210
13.6 Conclusions .....	211
References.....	212
Chapter 14 .....	215
<b>Rethinking Organizational Culture: The Role of Generational Subcultures.....</b>	<b>215</b>
Alessandra Lazazzara .....	215
14.1 Organizational Culture Traits and Emerging Issues .....	215
14.2 Conceptualizing Organizational Culture .....	217
14.2.1 The Layers of Organizational Culture.....	218
14.2.2 The Influence of National Culture on Organization.....	220
14.2.3 The Influence of Generation (Sub)Culture on Organization.....	224
14.3 Values, Work Values, and Organizational Values .....	225
14.3.1 Generational Differences in Work-Values .....	226
14.3.2 Generational Differences and Organizational Culture .....	227
14.3.3 Intergenerational Conflict and Cultural Change .....	229
14.4 Conclusion .....	229
References.....	230
Chapter 15 .....	235
<b>From Material Remains to Culture: The Possibilities and Limits of Archaeology in Reconstructing Ancient People.....</b>	<b>235</b>
Viviana Ardesia.....	235
15.1 Introduction.....	235
15.2 Typological Classification .....	236
15.3 How a Type Comes Into Being.....	237
15.4 Why a Culture Changes.....	240
15.5 Case Study: the Culture of Rodì-Tindari-Vallelunga in the Context of the Sicilian Bronze Age.....	241
15.6 Conclusion .....	242
References.....	242
Chapter 16 .....	244
<b>Homology and Phylogenetic Inference in Biological and Material Cultural Evolution .....</b>	<b>244</b>
Ilya Tëmkin .....	244

16.1	Introduction.....	244
16.2	Characters.....	245
16.2.1	Characters in Biology.....	246
16.2.2	Characters in Material Culture.....	247
16.2.3	Character States Matrices.....	247
16.3	Character Analysis and Evolution.....	249
16.3.1	Defining Evolution.....	249
16.3.2	Biological Evolution.....	250
16.3.3	Material Cultural Evolution.....	250
16.3.4	Evolution and Units of Phylogenetic Analysis.....	251
16.4	Homology.....	252
16.4.1	Homology in Biology.....	253
16.4.1.1	Defining Homology.....	253
16.4.1.2	Character Transformations Series in Biology.....	254
16.4.1.3	Homology and Phylogenetic Reconstruction.....	255
16.4.2	Homology in Material Culture.....	255
16.4.2.1	Style and Function.....	255
16.4.3	Style = Homology?.....	257
16.4.3.1	Function and Neutrality.....	257
16.4.3.2	Character Congruence.....	258
16.4.3.2	Extensiveness of Style.....	259
16.4.3.3	Character State Relationship.....	259
16.5	Conclusions.....	260
16.5.1	Character Ontology.....	260
16.5.2	Homology and Style.....	260
16.5.2	Methodological Implications.....	261
16.5.3	Looking Forward.....	261
	References.....	262
	Chapter 17.....	268
	<b>On the Origin of Technologies: The Invention and Evolution of the</b>	
	<b>Bow-and-Arrow.....</b>	<b>268</b>
	Giuseppe Carignani.....	268
17.1	Introduction.....	268
17.2	Background.....	270
17.2.1	The Bow and Arrow as a Modular Artifact.....	270
17.2.1.1	Concept.....	270
17.2.1.2	Function and Functional Module.....	270
17.2.1.3	Exaptation.....	271
17.3	The Invention of the Bow-and-Arrow: Archeological Evidence.....	271
17.4	The Bow-and-Arrow as a Radical Innovation.....	272
17.5	Evolutionary Technology.....	274
17.5.1	Background.....	274
17.5.2	Horizontal Transfer.....	274
17.5.3	An Extended Model of Technological Change: the Woesian	
	Perspective.....	275
17.6	The Invention and Diffusion of the Bow-and-Arrow: a Woesian	
	Perspective.....	276
17.6.1	Introduction.....	276
17.6.1.1	Contextual conditions: setting the stage for radical innovation	
	277	
17.6.1.2	Invention (Horizontal Transfer and Exaptation).....	277
17.6.1.3	Diffusion of the bow-and-arrow: the evolution of a new	
	cultural trait.....	279
17.6.2	Discussion: Emergence, Transmission and Replication of	
	Technological Cultural Traits.....	281

17.6.3	The Bow-and-Arrow Woesian Evolution: a Common Pattern of Radical Innovation?.....	282
17.7	Conclusion: On the Origin of Technology.....	284
	Acknowledgements.....	285
	References.....	286
Chapter 18	.....	289
	<b>Trees, Languages and Genes: A Historical Path .....</b>	<b>289</b>
Federica Da Milano and Nicoletta Puddu.....		289
18.1	Parallels between Linguistic and Biological Evolution.....	289
18.2	Models of Evolution in Linguistics and Biology .....	290
18.3	Languages and Genes .....	292
18.3.1	Gene Transmission and Language Transmission .....	292
18.3.2	Language Boundaries and Genetic Boundaries.....	293
18.3.3	Genetic Drift and Language Drift .....	293
18.3.4	Molecular Clocks and Language Clocks .....	294
18.3.5	Phylogenetic Methods .....	295
18.3.5.1	Language Trees and Gene Trees .....	295
18.3.5.2	Computational Methods for Linguistic Phylogeny.....	296
18.3.6	Languages and Genes: A Summary .....	297
18.4	Conclusions .....	298
	Authors' note .....	298
	References.....	298
Chapter 19	.....	303
	<b>Signaling in Style: On Cooperation, Identity and The Origins Of Visual Art.....</b>	<b>303</b>
Larissa Mendoza Straffon .....		303
19.1	Introduction.....	303
19.2	Proposal.....	304
19.3	Defining Visual Art as a Signal .....	304
19.4	Summary of the Early Record of Visual Art .....	306
19.5	Human Cooperation Strategies .....	308
19.6	Style as a Signal of Identity .....	310
19.7	Context of Development.....	312
19.8	Conclusion .....	313
	Acknowledgements.....	314
